

## Roundtable Reflection

Complete your answers in a Google Doc. Mr.Cinanni's class will complete your answers in French, and Mrs.B's class will answer the questions in English.

- a. What is a roundtable and why are they important?
- b. Could the roundtable format be used at OJCS? How?
- c. Thinking about the format of the roundtable- describe how your experience was similar or different to what you expected.
- d. Describe two items you liked about each party's platform.
- e. What did you observe about the candidate's behaviour? (Ex. how they acted, spoke, approached & answered questions, what did they do if they didn't know an answer).
- f. What political party was the most 'successful' in your opinion at the roundtable and why?
- g. Would you ever consider a future career in politics (only at this point in your life..it could always change!)? Why or why not?
- h. Based on your roundtable experiences, what are the traits of an effective politician?
- i. Overall, were attending the roundtables an effective way to learn about the federal election and the party platforms?
- j. Is there anything else you want to share about the roundtables with Mrs.B or Mr.C? (This would be observations from your notes that didn't 'fit' into any of the above questions).
